**RESPONSE TO OFFICE ACTION TO ACCOMPANY PETITION TO REVIVE**

---

Mail Stop Amendment  
Commissioner of Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

To the Office:

Applicant's attorneys are responding to an official communication that was mailed by the Office on September 24, 2004 in the form of a restriction requirement. The present application was abandoned due to a failure to respond to this office action. A petition was filed by the applicant on September 12, 2005 to revive the application but, the petition did not include the necessary requirements. This file has recently been transferred to our firm and we are now presenting a petition to revive for unintentional abandonment along with the necessary requirements including this response. The office's consideration of this response and petition are respectfully requested.
